The Gawler 15 Hospitality Kitchen Operations Course is a dynamic local community partnership between the Northern Innovative Community Action Network, TAFE personnel, teachers from Gawler High School and the Gawler Council.

The partnership between DECS and the Social Inclusion Unit, through the ICAN Management Committee, is supported by the Office of the North and local employers.

This program provides up to 15 young people at a time with a realistic local training option that enables a future employment pathway. The participants will be provided with a mix of Hospitality training, work education and three weeks of work placement with a strong emphasis on counselling, individual career and transition pathways planning and personal life skills development.

The inaugural Gawler 15 program ran successfully from August to November 2005.

This program helped me to show others what I can really do, that I shouldn’t give up on something just because it gets a little hard! It’s going to help me in my future to become more confident. I know I can make it!

I really enjoyed this course. I’ve wanted to be a chef for so long. I enjoyed working with the trainer and the kitchen, which Gawler High has made very good.
